Monadnock Area Peer Support Agency & Monadnock Peer Respite Mission Statement

As a peer driven organization, it is the mission of Monadnock Area Peer Support Agency (MPS) to promote wellness and recovery, as defined by the individual, through Intentional Peer Support, and to provide advocacy, educational, vocational, interpersonal, social and spiritual opportunities to adults who utilize mental health services. Together, we learn wellness strategies, develop mutually beneficial relationships, and support each other in attaining increased capacities for self-determination, independence and personal growth.

What is Monadnock Area Peer Support Agency?

Have you ever felt like no one understands or knows what it's like to struggle with mental health challenges?

Do you self-identify as someone with mental health challenges or with a mental health issue?

Monadnock Area Peer Support Agency (MPS) is a place where anyone with lived experiences of mental illness can come, enjoy and participate in an atmosphere of mutual peer support. The members of MPS are respectful, accepting and nonjudgmental. We strive to utilize **Intentional Peer Support (IPS)** in our interactions and aim for recovery and wellness in our current life choices. We offer each other inspiration and empathy and encourage each other to achieve our dreams. We benefit from participation in **FREE** groups, activities and events that promote recovery and wellness.

You might have used mental health services in the past or you might be using mental health services now or maybe you're new at this—whatever your story, we hope you will join us.

MPS is a safe place to rediscover and maintain hope—it's a safe place to be you.

Transforming 'crisis' into opportunities ; to learn, heal, and grow.

...for anyone who is experiencing distress and feels they would benefit from being in a short-term, 24-hour, peer-to-peer, supported environment with others who have "been there." We strive to provide a safe place in which each person can find the balance and support needed to turn what is so often referred to as 'crisis' into a learning and growth opportunity.

Monadnock Peer Respite (MPR) is founded upon years of community advocacy that has recognized the value of peer-to-peer support. It operates based upon several core values including genuine human relationships, self-determination and personal strength, mutuality, optimism, healing environments, and respect.

While at MPR, you'll have the opportunity to connect with people who know how to listen and who have lived experience. You will also have the privacy of your own room, time to rest and take a break from life's concerns. You will be in charge of how you use your time during your stay.

To get started... If you think you might be interested in staying at MPR, contact us and let's start a conversation about what you're looking for and whether MPR may or may not be the right fit for you!
